WHAT IS SIR?

THE SPECIAL INVESTMENT REGION (SIR) ACT- 2009

The State government has enacted a legal framework for the SIR—The Gujarat Special Investment Region Act –2009,

It has come into effect from 6th January, 2009.
Amendment appended: November, 2016

The State Government has enacted the legal framework to provide establishment, operation, regulation and management of large size Investment Regions and Industrial Areas in the State of Gujarat and to specially enable their development as Global Hub of Economic Activity supported by World Class Infrastructure, Premium Civic Amenities, Centre of Excellence and Pro-active Policy Framework.

ABCD

ADMINISTRATIVE CUM BUSINESS CENTRE FOR DHOLERA SMART CITY

The ABCD building is located west of the expressway within the knowledge and IT land use. The site is located such that it is visible from the expressway and is located close to the area which will be first developed within the overall DSIR.

EPC for ABCD Building Contract awarded. M/s Cube Construction Engineering Ltd. is the selected bidder. Work completed on ground. The nine hectare site is strategically located within the parcel on a civic axis opening a vista towards a large green space.

The ABCD site is directly connected to the 55m arterial road which leads to the expressway. The site will accommodate the offices of the development agencies along with a command and control centre and a skill development centre in a total built-up area of 36,000sqm. The building for the Regional Development Authority (RDA) is envisaged to be a LEED GOLD rated building with facilities to accommodate the entire staff required by the RDA for Dholera Smart City.

- In Dholera SIR, Multi-purpose corridors, bicycle tracks, service roads, shaded and pedestrian-friendly walkways for comfort and safety.
- Constant monitoring by CCTV cameras and a dynamic and intelligent Traffic Management system.

METRO (MRTS)

MRTS (METRO) IS PLANNED WHICH WILL CONNECT DSIR WITH AHMEDABAD & GANDHINAGAR (GIFT CITY).

DHOLERA RAILWAY STATION

- New rail line from bhimnath to dholera special investment region.
- Dholera railway station proposed in DSIR will be connected to bhimnath railway station.
- Dedicated freight corridor (DFC) is 1.5 hours from DSIR.

DHOLERA SEA PORT

DUE TO COASTAL BOUNDARY, PROPOSED PORT WILL BE THE KEY ELEMENT IN HANDLING LARGE CARGO

The port site is proposed to be connected by road with Ahmedabad – Bhavnagar highway at a distance of about 11kilometers. Almost 2,057 hectares of Government land was allocated for the development of the port.

DHOLERA INTERNATIONAL AIRPORT

The greenfield airport is being developed in Saurashtra within the Dholera Special Investment Region (DSIR) as part of the Delhi Mumbai Industrial Corridor (DMIC). The airport will feature an aerocity with 75 hectares for commercial developments, cargo facilities and ultimately two runways - 3200 m and 4000 m long. Dholera Airport's Phase 1 is expected to be completed and opened in March 2026 (current deadline).

Dholera SIR targets defence investments

Pre-Vibrant Event To Make Pitch

TIMES NEWS NETWORK

Ahmedabad: The Government of Gujarat is promoting the Dholera Special Investment Region (SIR) as an ideal destination for investments in the defence manufacturing sector. Authorities plan to host a summit at Dholera ahead of the Vibrant Summit. Dholera is 110km from Ahmedabad.

"We are capable of providing huge land parcels that are required for defence manufacturing facilities," said Jai Prakash Shivhare, the managing director of the Dholera Industrial City Development (DICC) Ltd. "Such a facility needs 400-500 hectares of land. Such large land parcels are not available anywhere in India." Shivhare was present at the Defence Conclave 2018, organized by the Confederation of Indian Industry and Society of Indian Defence Manufacturers.

"Chief minister Vijay Rupani has said that Vibrant Gujarat Summit 2019 will project Dholera as a key investment destination," Shivhare said. "The pre-Vibrant event at Dholera will push for investments in the re-

gion."

Several international players have expressed interest in setting up manufacturing facilities at Dholera SIR. "Recently, we presented the aspects of Dholera SIR at the DefExpo 2018 in Chennai," Shivhare said. "American defence and aerospace giant Lockheed Martin has shown interest in Dholera SIR, especially for manufacturing batteries as a 5,000 megawatt solar power plant is coming up in the region. The company representatives will visit

Dholera in June." Airbus signed a memorandum of understanding at the last Vibrant Summit and will invest at an appropriate time, he said.

In the wake of massive investments in the region, several power companies have shown interest in seeking a distribution licence in the region. The state government is looking at pushing investments in other sectors in the region as it falls on the Delhi-Mumbai Industrial Corridor (DMIC).

Govt: 95% of work on Phase 1 of Dholera SIR completed

TIMES NEWS NETWORK

Gandhinagar: Chief minister Bhupendra Patel visited the Dholera Special Investment Region (SIR) on Thursday and inspected various ongoing projects at the greenfield industrial smart city.

The Dholera SIR is being showcased as a prime project of the state government at the forthcoming Vibrant Gujarat Global Summit (VGGS).

The state government said on Thursday that 95% of the work of phase 1 at Dholera SIR has been completed and it will

soon be ready for investments from the global ecosystem. The statement added that state-of-the-art infrastructure facilities are set up at the site, which is a dream project of PM Narendra Modi.

The CM also held a meeting with top officials of the state administration at the site to chalk out a time-bound programme for the completion of projects of Dholera SIR, the statement informed. Development and infrastructure works have been taken up over an area of 22.54 sq km in phase 1 of the project.

A total of 920 sq km has been

covered under the Dholera SIR, and this includes 22 villages of Dholera taluka of Ahmedabad district.

The infrastructure facilities being put together at the SIR include a 72-km road network. Arrangements have been made to provide 150 MLD (million litres per day) of water supply.

The government said that the plug-and-play facilities being offered at Dholera SIR makes it an ideal location for companies from defence and aerospace, engineering, auto and auto ancillaries, pharmaceuticals, agro and food processing, renewable energy, IT and electronics sectors to set up their units.

Rail link to Dholera SIR a priority for govt

TIMES NEWS NETWORK

Gandhinagar: The Union and the state governments will work to ensure quick rail connectivity for the Dholera special investment region (SIR).

An official statement issued on Tuesday said that the National Highways Authority of India (NHAI) has also assured the state government that it will prioritize construction of the proposed highway to join Ahmedabad to Dholera.

Chief minister Bhupendra Patel on Tuesday attended through video-conferencing the second meeting of the apex monitoring authority of the National Industrial Corridor Development Programme held in Delhi. Chief ministers and

CM ON DHOLERA SIR

- 600 units will be built under the affordable rental housing model in the activation area
- The process to allot plots to industrial entities has already begun
- Dholera SIR has attracted investments for production of semiconductors, EV batteries, solar cells, and aerospace components

industries ministers of five other states virtually attended the meeting, held in the presence of Union finance and corporate affairs minister Nirmala Sitharaman and Union minister of commerce and industry Piyush Goyal.

The National Industrial Corridor Development Programme is the central government's ambitious infrastructure initiative to develop futuristic industrial cities in India.

An official statement said that Patel informed the Union ministers about the progress made so far in the development of Dholera SIR, including the construction of an airport, an expressway connecting Ahmedabad to Dholera and a railway line to connect the region with the Western Dedicated Freight Corridor.

The chief minister urged the apex authority to consider including Mandal-Beeh-raj SIR in the Delhi-Mumbai

Industrial Corridor (DMIC), and also sought necessary approvals for the Ahmedabad-Dholera Semi-High-Speed train project, the release said.

Apprising the ministers about the progress made in the development of Dholera SIR, a greenfield industrial smart city near Ahmedabad, Patel said the construction of various facilities in the activation area of the SIR is nearing completion and the process to allot plots to industrial entities has already begun.

Patel said that Dholera SIR has attracted investment for the production of semiconductors, EV batteries, solar cells and aerospace components, the release said.

He said that 600 units will be built under the affordable rental housing model of the Pradhan Mantri Awas Yojana in the activation area of the SIR, the release stated.

Vibrant Gujarat 2024

CM invites over 1,500 industrialists, investors

Bhupendra Patel underscores state's investor-friendly policies, highlights key projects like GIFT and Dholera SIR which are shaping emerging sectors

Chief Minister Bhupendra Patel on Friday invited over 1,500 prominent industrialists and investors during the Vibrant Gujarat Global Summit (VGGS) 2024 curtain-raising event held in New Delhi. The 10th VGGS will be held in January 2024.

In his address, CM Bhupendra Patel underscored Gujarat's pivotal role in fostering new industries, advancing technologies, and generating employment opportunities. He hailed Gujarat as a beacon of development and most preferred investment destination due to its proactive policies, investor-friendly approach and robust industrial infrastructure.

Themed 'Gateway to the Future,' the upcoming VGGS will boost Prime Minister Narendra Modi's vision of developed India by the year 2047.

CM Patel emphasised on Gujarat's contributions to India's progress, highlighting transformative projects such as GIFT City, Dholera SIR, UREAM City, Greenfield Ports, and the Ahmedabad-Mumbai High-Speed Rail initiative or the Bullet Train project. These projects are shaping emerging sectors, including aircraft leasing, financing, and linch hubs in GIFT City,

Chief Minister Bhupendra Patel with delegates at the curtain-raising event of Vibrant Gujarat Global Summit to be held in January 2024, in New Delhi on Friday

and establishing Dholera SIR as India's largest greenfield industrial investment region and a smart city of the future.

The event featured insights from Rajesh Kumar Singh, Secretary of DPIIT, Government of India, and S J Haider, the Additional Chief Secretary of the Industries Department, Gujarat. Additionally, prominent businessmen also shared their experiences related to the Vibrant Summit. B K Goenka, President of ASSOCHAM and Chairman of Welspun Group praised Gujarat's business prowess

and investment-friendly policy. He said Gujarat and business are synonymous with each other.

Patel meets Railway Board chief

Gujarat Chief Minister Bhupendra Patel on Friday met Railway Board chairperson Jaya Sinha on the sidelines of the Delhi roadshow for the forthcoming Vibrant Gujarat Global summit 2024. The progress of various railway projects in Gujarat were reviewed during the meeting. **AM**

MNRE approves 5,000MW solar park at Dholera

TIMES NEWS NETWORK

Ahmedabad: The ambitious 5,000 megawatt solar park to be set up in the Dholera Special Investment Region (DSIR), has received approval from the ministry of new and renewable energy. The tender for the first 1,000MW will be floated soon.

"We got approval from the Union ministry of new and renewable energy for the solar park on Thursday. With this, the tender for the first phase of the solar park is set to be out in June itself. The next

phase will be undertaken in the subsequent months," said Jai Prakash Shivhare, managing director of Dholera Industrial City Development Corporation Ltd (DICC).

Dholera, 110km from Ahmedabad, is now set to have the country's largest solar park. Earlier this month, the state government gave in-principle approval to the project, which will come up on 11,000 hectares of land along the Gulf of Khambhat. The government projects that the park will attract investment of Rs 25,000 crore and generate employment for 20,000 people.

'India to soon become global power in semiconductor too'

We Could Have Begun Chip Mfg In 1960s: Modi

TIMES NEWS NETWORK

Ahmedabad: India will soon become a global power in semiconductor manufacturing, said PM Narendra Modi, as he virtually performed the groundbreaking ceremony of Tata Group's semiconductor fabrication unit at Dholera in Gujarat on Wednesday. The day is not far when India becomes a global power in semiconductors, just like it has been a nuclear, digital and space power, the PM said.

Modi remotely laid the foundation stone of three semiconductor projects worth Rs 1.25 lakh crore—a Rs 91,000 crore chip fabrication unit of Tata Electronics Private Limi-

PM Modi laid foundation stone of three semiconductor facilities through video conferencing on Wednesday

ted (TEPL) and Taiwan-based Powerchip Semiconductor Manufacturing Corporation (PSMC) at Dholera, a Rs 7,600 crore outsourced assembly and testing (OSAT) facility by CG Power, Renesas Electronics Corporation-Japan and Stars Microelectronics-Thailand in Sanand and Rs 27,000 crore Tata's OSAT facility in

Morigaon, Assam. He targeted previous Congress-led governments saying India could have begun semicon manufacturing in the 1960s, however, the then governments lacked will, efforts and ability to understand India's potential.

"India dreamed of semiconductor manufacturing in the 1960s. Yet, the then governments did not capitalise on the opportunities available then. The previous regime didn't find it urgent enough to act in this direction... Hiding behind India's poverty they overlooked opportunities for every modern technological investment that could have come to India. They only engineered scams worth thousands of crores but couldn't invest thousands of crores in India," Modi said.
